Congrats to the #grillrb organisers - well done!
It's great to see that we now have 2 ruby conferences in Wrocław!

Summary

Was it worth attending? Yes! Definitely yes! Was it good? Even more. Does the outdoor approach fits into IT conferences? I would say, that we need way more people with that approach (and attitude) than indoor, strict meetings. IT community is a community of people with open minds, and I feel that we integrate and feel way better in this type of environment, than inside of tiny, dark rooms with only projectors light.
